# TOWN TOPICS' 25th Annual Christmas Appeal Seeks Your Help

Christmas and its meaning . . . the brotherhood of man: the spark within every human being that gives him something of the Divine; the helping outreach toward another, less fortunate than yourself, that may change his life and bring him once again into the sun.

Each Christmas for 25 years, TOWN TOPICS has made a single appeal to the heart of the Princeton community, asking for money to make living possible for Princeton residents who may sometimes feel that living is quite impossible.

The usual channels of welfare normally provide food, clothing and shelter. But "need" means more than these, for many families. In Princeton, the Family Service Agency determines, for TOWN TOPICS, the best ways to help individuals and families out of the darkness and into the light.

The cases presented here, carefully documented by Family Service with names altered to protect privacy, are true examples of the ways your TOWN TOPICS Christmas Fund is spent throughout the year.

Carefree childhood — that's what an adult thinks sometimes, as he counts over his own cares. But for many kids, life brings too many responsibilities too early. Mary, 11 years old, is the oldest of five. She has always been last in line, so that her younger brothers and sisters could have enough to eat and wear.

The father has been taking care of all live since the mother died last year, and Mary — only slightly over a decade in age — has been a substitute mother. Growing up too fast, with too many responsibilities and too serious an outlook on life, Mary needed to be a little kid once again, having the kind of fun a normal 11-year-old girl has.

Through the TOWN TOPICS fund, Mary was able to get away from home and spend a few weeks in the freedom of a summer camp. The weeks there may not have solved all Mary's problems, obviously, but they gave her a healthy experience to build on for the future.

It happens to boys, too, the weight of too much care. Peter, oldest of four, had been a cheerful, bonney ten-year-old. But when his father was admitted to a mental institution and his mother had to go on welfare, he became silent and withdrawn, seemingly crushed by what had happened to his family.

He tried hard not to complain, but now and then he would burst out — "why can't I have the money to do things the other kids do!" His mother then felt guilty about having to deprive her children.

TOWN TOPICS funds were used to sign Peter up as a member of the YMCA, and to enroll him in his lavorite club. This, in turn, re-

lieved his mother of some anxiety and thereby freed her emotionally so that she could plan for her tamily.

There's an upbeat side of life, too, and TOWN TOPICS money is also used for just that extra needed boost. Michael, oldest of five, graduated from Princeton High with a good record. Eager to go to college, he had received several small scholarships that covered tuition, room and board. Books and travel expenses weren't covered, however, and there was no chance that the family, on its own slim means, could fill the gap.

Michael's father worked in a seasonal job, and over the years, he'd been able to provide for his family only through the most stringent budgeting. Michael himself could earn money for clothes through summer jobs, but that maddening gap still remained. FOWN TOPICS Christmas Appeal money has been used to buy Michael's books for the first semester at college, and will pay his way home to be with his family for Christmas.

An unexpected call came to Family Service one day from the Middle School. Would it be possible to find placement in a special school for a Middle School pupil?

It was Martha, a girl who had had trouble with learning and with behavior ever since she'd been in elementary school. Now, in her

Princeton's new Inter-governmental Co-ordinating Committee for Drug Abuse Prevention began to take formal shape this week Borough Mayor Robert W Cawley announced that Council's representative will be Joseph Moore. The Board of Health member for the Borough will be Lar-

not yet been named.

The member for the Princeton Regional School Board will be the Rev. C. George Fitzgerald.

Officials, including Mayor Floyd, say they haven't been able to get from Child Guid g ance the information they want. The requirement of the State Law Enforcement Planning Agency (SLEPA) that a program must be expanded be ore money can be granted, has apparently been misunderstood by municipal officials who question the size of the Special Project's application or SLEPA money.

George Easter, the Child Guidance spokesman, appar ently told Councilmen and Committeemen last month that if Borough and Township didn't come up with the \$5,500 to eke out 1971. Child Guidance fundwere available.

"So why should we put the money up, if that's the case? asks Mayor Floyd.

The decision not to provide the \$5,500 was made unanimously by all elected officials present at the joint Borough. Township meeting. The only absent members were Committeemen Thomas Hartman mitteeman Thomas Hartmann and Councilmen Alice Male and John Strange.

The remaining \$12,050 will be split by the two municipalities if nobody comes forward as a contributor.

In the past, only the state has been allowed to make hunting laws, never a municipality. However, Township attorney Gordon Griffin explained that recent court cases may have liberalized that restriction so the Township might be able to draft an ordinance. It might be the kind that prohibits discharge of firearms within 450 feet of a dwelling, he said.

Mayor James A. Floyd promised Committee would pursue the question, and added that if hunters are actually trespassing on property, the police would be happy to to ket them.

In another resolution, Committee agreed to apply for participation in the National Flood Insurance Program. If the Township is accepted, its residents could obtain flood insurance, which is not available commercially, Brinton Whitall, 94 Battle Road, was named to the Township's new Flood Control Commission.

Two joint Borough Township employees and two Township employees can be hired through Township participation in the Federal Emergency Employment Program.

The agreement provides for a transfer-station operator for the Sewer Operating Committee at a salary of \$8,000 and a maintenance employee for the Joint Recreation Commission at a salary of \$7,000.

Job Opportunities. The Township will get a clerk-typist (\$5,-200 salary) and a custodian (\$7,000). It is a 90/10 matching program, explained Acting Clerk Suc Nystrom: the Federal government pays 90% and the municipality, 10%. The Township will provide its own fringe benefits.

The municipalities may hire anyone who is a resident of Mercer County, but the employee must come from the ranks of the unemployed.

Because of the state moratorium on cable TV, Committee was unable to schedule the hearing requested by Jonathan S. Perel in regard to a cable television franchise.

Committee extended the life of the Township Planning Board one more year — to January 1, 1973.

ROOMING HOUSE BURNS General Alarm Friday. A lucco rooming house at 184 Witherspoon Street was the site of a general alarm fire Friday at 1:22 p.m.

Police report that the fire, whose origin is still under investigation, was confined to a cond-floor room. There were

The 11-room huilding on the corner of Maclean Street, at one time a school and later a meeting place for Masonic Lodge members, is owned by Edward Grant. It was ordered closed following the fire by Borough Health Officer David Blake for safety reasons. He was overruled by Mayor Robert Cawley and Councilman Joseph Moore, however, and the boarders were able to return to the building later in the day.

Two thefts were reported during the confusion following the fire. Miss Kim Otis told police at 5:30 p.m. that someone had entered her room and proton for its property and a stellar for the property and stolen \$60 in penales and a suitcase while she was in the

process of moving from the second floor to the first.

The theft of an \$80 men's suit, electric iron and electric clock was reported at 6:40 p.m. on Sunday. Police identified the owner as R. Inambedar.

# CZECH COOKIE MOLDS

The gingerbread bakers guild of the Middle Ages was famous not only for its honey and spice cookies, but also for the cookie molds which formed them. Carved by skilled woodcarvers, they were considered family heirlooms.

When Ivan L. Laxa, his wife Maria Jana nee Countess Kilowrat and their three children left their home in Czechoslovakia, they brought with them their family cookie molds. These will hopefully produce the means for their new life.

In their basement studio, they are making casts from the molds, reproducing the carved detail and the folkloristic originality. These handmade, hand-decorated wall hangings, are in a single color or gaily multicolored. Also, there are replicas of the original boards made of wood composition.

There are church themes and cavaliers, actors, tradesmen, newly-weds - always a perfect image of the costumes of the period 1500 to 1810. The gingerbread guild has long ceased to exist, but some of the original molds may still be seen in museums.

Moratorium on Petitinas To the Editor of Town Topics:

The pelition recently presented to the Princeton School Board concerning Dr. Mc-Pherson could have been expected, but some of its consequences have, perhaps, not been fully realized by the community.

As a result of Dr. Mc Pherson's work in Princeton, a whole series of advances in educational practice have been enacted or are being actively studied.

## Library Has Birthday

Princeton's public library building was five years old on Sunday, and to celebrate, Librarian R o b e r t Staples lighted a few statistics on the birthday cake.

## Tiger Quintet Awaits Villanova after Trouncing North Carolina

on Line, they still won't be-lieve it, but 5,000 people around here will swear that Monday night in Jadwin Gym. Princeton soundly trounced North Carolina's second-ranked basketball team, 89 to 73. But even in these parts, which have been accustomed to occasional basketball miracles since the Bill Bradley era began, it is hard to realize that the Tigers outplayed the team rated second only to UCLA during much of the evening, and then turned the contest into a rout in the closing min-

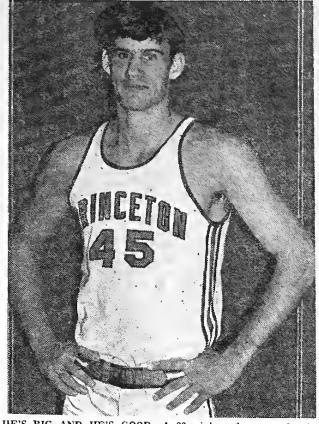

On tap next is Villanova, last year's NCAA finalist and 19th ranked as the week began. The Wildcats will be here Saturday at 8 for an anticipat-ed barn-burner that should come close to filling Jadwin.

The excitement will die down.

As in the past, people who own old Volkswagens will trade them in for new Volkswagens because (we guess) they like Volkswagens.

Our engineers will continue to improve the way the car works and our stylists will continue to be frustrated.

Sometime in 1972, the Beetle will become the most popular single model outomobile ever made in the world, bypassing the Model T Ford with production of over 15 million vehicles.

## Maybe someday.

Maybe it depends on you.

When you demand a car, for example, that would ride like a Rolls but costs like a Chevy. One that would take curves like a Maserati but seats a five full passengers. A car that would be in every sense a luxury car-yet burns gas like a tiny Volkswagen (27 MPG).

Maybe you could get that kind of car from Detroit if you demanded it. Or you could buy one right now. It's called a Citroen. Just go to your nearest Citroen dealer and test drive it.

The Canes share an idea that is, today, distressingly rare. They think that wood furniture should be made of wood, brass lamps of brass, and that plastic is best restricted to toothbrush handles and toys. And they've done something about their idea: assembled several hundred fine upholstered pieces, museum re-creations, hand-crafted accessories, and custom-made furnishings, and put them all under one roof at Cane Farm, You can come see them, savor them, and buy them for reasonable prices.

Sometime next week, the 100,000th car of 1971 will roll up to one of the drive-in windows at the 370 East Nassau branch of The First National Bank of Princeton. But rather than single out that one customer for our celebration, we'll be giving free gifts to everyone at our drive-in windows at that office alt next week. That's one way we're saying "thanks." But another and more important way is with new, expanded drive-in facilities at the East Nassau Street office, which is near Harrison Street. Construction will be underway soon, and, while it may cause some minor inconvenience to you for a brief time, it will in the long run be another major step in more convenient banking from Princeton's First National. You'll also enjoy easy-to-use drive-in facilities at our full-service branches at 40 Washington Road in Princeton Junction and on the Princeton Pike in Lawrence. Just suppose the one place in town where kids can "tell it like it is" couldn't listen. Or the place that's been closing the "Generation Cap" could offer nothing more than a communications gap.

How would you like it if the one place where there were professionals and volunteers 'round-the-clock to help solve the problems of vandalism, pot and race frictions locked its doors? Or, just suppose, the one place where everyone is welcome, regardless of race, creed or age - was no longer available.

It can happen! Specifically, if the YM-YWCA Building Fund fails to meet its financial goal-soon. If you haven't been happy with the way things have been going - don't wring your hands. Help solve the problems by contributing to the YM-YWCA Building Fund-now!

#### PRETTY BROOK ROAD

Some say, the leveliest country lane in all of Princeton. On its picturesque course along the shaded banks of Stony Brook, we have two quite different properties for you to consider: One, a rambling, architect-designed, one story house with a pleasantly rustic ambience, is perfectly suited to a relaxed, informal life style. On one rhododendron-banked acre, it has two living rooms, each with fireplace; dining balcony and kilchen. In one wing, 3 bedrooms, 2 haths and a study or dressing room open into a musti-purpose studio family room; while, in another, you'll discover a bedroom, bath and sitting room with greenhouse that would make a super master suite or guest apartment. Secluded terrace. Two car carport has heated workshop.

Offered for the first time at \$89.500-

Or, if the location is appealing, but you prefer to design your own world, we can take you a bit further down the road, past the Pretty Brook Club and show you a lovely 2½ acre bouse sile with about a million trees an its own meandering stream. With all city utilities it can be yours at

## IT'S GOT ELEGANCE

Along with just enough informality of plan and surprising nooks and crannies to give it the warm feeling of the Pennsylvania farmhouse from which it was adapted. A wide center hall runs through the house from front to back and opens to a covered porch and terrace, as do hold the living room and dining room that flank it. Quietly off by itself there's a cozy pine panelled fibrary with how window, bar, and adjoining powder room. The kitchen's a dream . . . bright and sunny with yards of counter space and all appliances. Upstairs, there are 5 bedrooms and 3 full baths.
